

# MILITARY MEDIC BACKPACK (MOLLE SYSTEM)

*This lightweight and tactical military backpack is designed with a focus on comfort and functionality. Its ergonomic design conforms to the body's shape, making it comfortable to wear, even when carrying important gear for extended periods.*

<b>Art. Nr</b>	VT231
<b>Color</b>	Coyote tan (sand)
<b>Liquid Capacity</b>	39,5 l
<b>Material</b>	650D Cordura (IRR)
<b>Weight</b>	2 kg
<b>Depth</b>	21 cm
<b>Height</b>	49 cm
<b>Width</b>	34 cm

The outer part of the backpack is equipped with an integrated Molle system on the front and sides, allowing you to easily attach additional accessories or equipment. The main compartment of the backpack is highly spacious and has room for a hydration system, making it ideal for longer tasks or missions where fluid intake is necessary.

The backpack is equipped with two padded, ergonomic shoulder straps (85 cm long, 8 cm wide, and 1.5 cm thick) that ensure optimal comfort. It also features various adjustment straps and a chest strap, which keeps the backpack securely in place and prevents it from slipping off the shoulders.

This backpack is perfect for military or tactical operations where flexibility and durability are critical.
